

PROGRAM AT A GLANCE.

'For a business person,
the numbers are
the measure of success.
If we don't have the
numbers, that's the end
of the conversation.
But if we don't have the
conversations that's the
end of the numbers.
It's a paradox.'

Yves Bastien, President
Sanofi-Synthelabo, Canada

'The significant
problems we face today
cannot be solved by
the level of thinking we
were at when we
created them.'

Albert Einstein
