

New Melbourne Co-working Space Dimension⁵ Launches Amid ‘Ideas Boom’

The Hon Philip Dalidakis MP will officially launch Dimension⁵ co-working space, a partnership between Dimension Data Australia and Creative Universe on April 28th 2016.

Melbourne, Australia – Wednesday 23rd March, 2016

Creative Universes exciting new partnership with Dimension Data, the global ICT solutions and services provider, will see the launch of new co-working hub in South Melbourne on April 28th 2016. The Hon Philip Dalidakis will officially launch the space, with noted guests such as Adam Bandt MP, Dr Pradeep Phillip and Dimension Data CEO Rodd Cunicco in attendance. Guests will be delighted in song by Creative Universe Founder, leading soprano and serial entrepreneur Tania de Jong AM, and Melbourne’s most inclusive choir, *With One Voice*.

Creative Universe and Creative Innovation Global Founder, leading soprano and serial entrepreneur Tania de Jong AM said the collaboration fostered at high performing incubators and co-working spaces was a crucial ingredient to innovation.

“The elements of mentoring, shared resources and networking that exist in co-working spaces rapidly accelerate the opportunities available to early stage entrepreneurs,” she said.

To add to the “ideas boom” Creative Universe is delighted to announce a partnership with Dimension Data, the global ICT solutions and services provider, creating a new 1100 square metre co-working space in South Melbourne.

Dimension⁵ aims to promote ‘positive human collisions’, spark innovation and entrepreneurship across technology, start-ups, business and social enterprises.

Five-dimensional space refers to a hypothetical extra dimension beyond the usual three spatial dimensions and the fourth dimension of time in relativity physics. Tania said: “It’s a place to go outside and beyond the traditional boxes...where anything is possible.”

The South Melbourne hub will be open to entrepreneurs, innovators, creatives, social enterprises; small businesses, not-for-profits; disruptive teams from large organisations and others who want to connect with a passionate community of game-changers.

Memberships at Dimension⁵ will be available from \$425 per month and include
